

Thursday 15th October
2020
10.15 am - 1.00 pm

LUDF Focus Day

Topics to be covered:

- Update on LUDF 2020/21 Season to Date.
- Spring feeding, peak milk production. Update on mating program and calf program.
- Pasture monitoring and feed budgeting tools. Showing casing great on line tools to manage pasture and your feed budgets.
- Nitrogen cap. What does the 190 kgN/Ha N-Cap legislation mean for our dairy industry. How do we interpret and comply with the rules.
- LUDF – the journey to low nitrogen use. Real numbers, good science and management principals to minimise the impact of cutting back nitrogen use on your farm while maintaining profitability.

Lunch Sponsored by:

Venue: LUDF farm, SN 37581
Parking on Ellesmere
Junction road

ravensdown

This event will occur if we are at Alert Level 1. If at Alert Level 2 the event will be limited to the first 100 RSVP's and we will stream the content online.
