

10.15am - 1.00pm followed by a light lunch

The balancing act of increasing costs & sustainable farming

Focus on:

18-19 LUDF farm and financial performance

Farm operating expenditure

- Lifting faster than inflation – why?
- What is driving increased costs
- What can we do about it?
- The hidden costs of feeding, where are they?
- What is LUDF going to do after finding costs have risen.

Low foot print farming, impact on profit

- What can you learn from LUDF?
- Can you reduce your footprint and maintain profitability?
- What are the future opportunities in the environmental space?

Venue: LUDF farm, SN
Parking on Ellesmere
Junction road

Lunch sponsored by:
