

FOCUS DAY

22/23 BREEDING & MATING RESULTS

Monday 19 June 2023

2:00pm - 4.30pm

LUDF decreased its not-in-calf rate from 20% last season, to just 12 % this season, however, this still doesn't match local farmer, Liam Kelly's result (8 % not-in-calf rate).

FIND OUT HOW AND WHY !?

We will be comparing and diving further into the results from tests and measurements taken at both LUDF and Liam Kelly's farm in the 2022/23 mating period including:

- Feeding
- Rumination
- Body Condition Scoring
- Milk Lactation curves
- Plant nutritional data (including NDF)
- NEFA results

Speakers: **Jeremy Savage** (Macfarlane Rural Business),
Ryan Luckman (Vet Centre Waimate), **Liam Kelly** (Alderbrook Farm),
Peter Hancox (LUDF) and **Jair Mandriaza** (LIC)
